Hospital Charges

Understanding Hospital Prices

While hospital charges can be confusing in a consistently changing environment, the team at River Hospital, Inc. is committed to keeping our prices among the lowest in our community. We are also committed to correct and transparent billing. If a service appears on a bill that was not provided, call **315-482-1230** and our team will investigate immediately.

We charge patients and insurance companies the same price for individual services. In addition to hospital charges, patients may be billed by other professionals who participated in providing care.

River Hospital’s Revenue Cycle Mission

The River Hospital Revenue Cycle mission is to ensure that we receive payment from the correct source- the insurance company.

Patients whom have questions pertaining to River Hospital billing are directed to the patient Account Representative with the most subject matter expertise as it pertains to the patients service location, payor, etc. River Hospital employs both an Underpayment/Recovery Specialist as well as a Claims Analyst to operate as a high level review based upon payor requirements, contracted allowances and guidelines. Appeal efforts are exhausted prior to write off and as an additional form of Patient Financial Advocacy. Patients whom are displeased with responses and results from initial review are forwarded to the Director of Revenue Cycle, Carrie Bova for further review and potential additional action.

Our focused effort is to provide quality care from a Revenue Cycle Perspective. Uninsured patients are given the opportunity to be seen by a Facilitated Enrollment specialist to achieve enrollment into a Health Plan to convert the account to a payment source, as well as ensure that patients receive preventative care and are not deterred by being uninsured. River Hospital is unique in the fact, that our financial counselors can also assist you in obtaining insurance on site. If a patient cannot be enrolled into a Health plan such as Medicaid or a Medicaid Managed Care or Marketplace product, River Hospital offers two additional options to patients with out of pocket balances.. Patients can apply for Charity under River Hospital’s
